

“The best way to predict your future is to create it”.

Company Profile

DIGITAL NEST SOLUTIONS

www.digitalnestsolutions.com

About the Company

DNS is a flexible service partner for the modern age. We help our clients scale by executing, managing, and delivering a wide array of Engineering Design, Data Management Services, Data Mining, and Data Annotation services for Machine Learning

- ▶ DNS was founded in 2022
- ▶ Collective 90 years of Experience
- ▶ We are a global company, with over 65 employees worldwide
- ▶ DNS-specialized experts have helped over 15+ clients USA, UK, DK, and AU to grow their business

Our Mission and Vision

To bring to our global clientele the best of quality business process outsourcing services and technologies all under one roof.

To help companies realize and make the most of their resources by offering quality business solutions and enabling them to gain maximum productivity

CORE VALUES

Our Collective efforts enable clients to achieve their goals timely

Why DNS – One-Stop Solutions for all Engineering Design

Global Scale

We support clients across many continents and time zones

Engineering Design Experts

Our Domain expertise, tools and delivery capabilities automate and streamline operations

Best Industry Practice

Define roles and responsibilities, establish regular governance meetings, and assign dedicated resources for oversight.

Quality Process

Our quality process includes Preparing Checklist, Test Execution and Reporting Errors

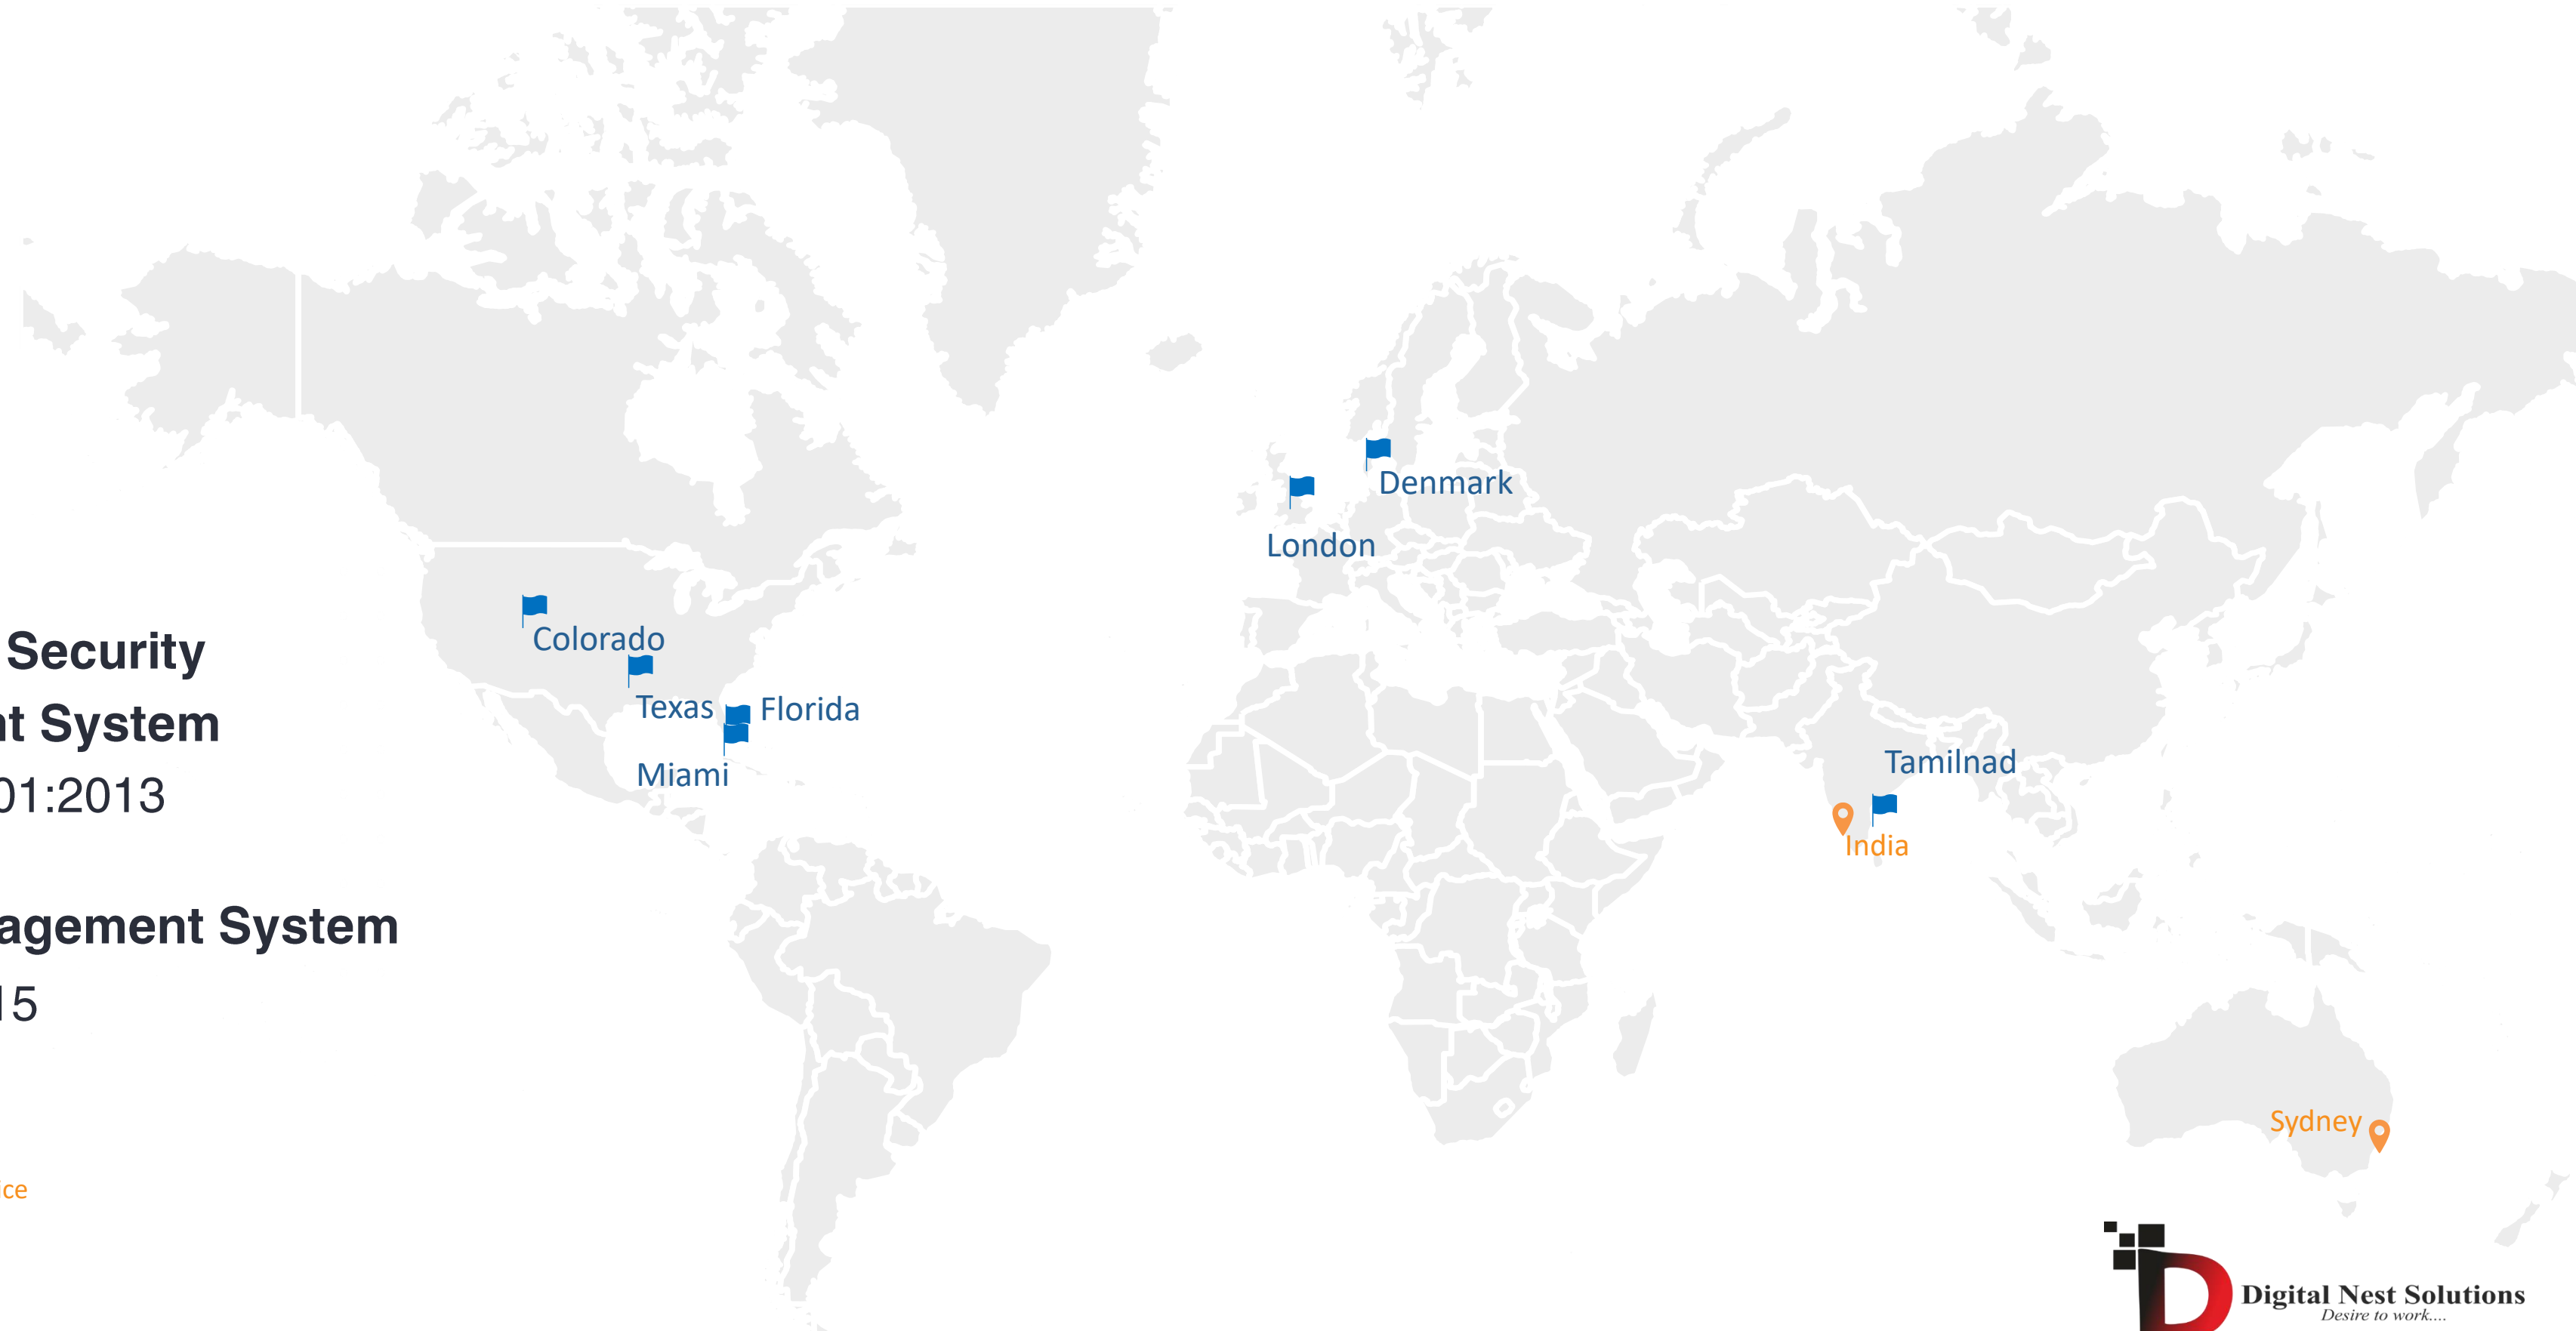

Flexible Engagement Models

DNS provides flexible business models like Full time Employment(FTE), Pay-per-project, and Hourly Basis

GLOBAL FOOTPRINT

**Information Security
Management System**
ISO/IEC 27001:2013

Quality Management System
ISO 9001:2015

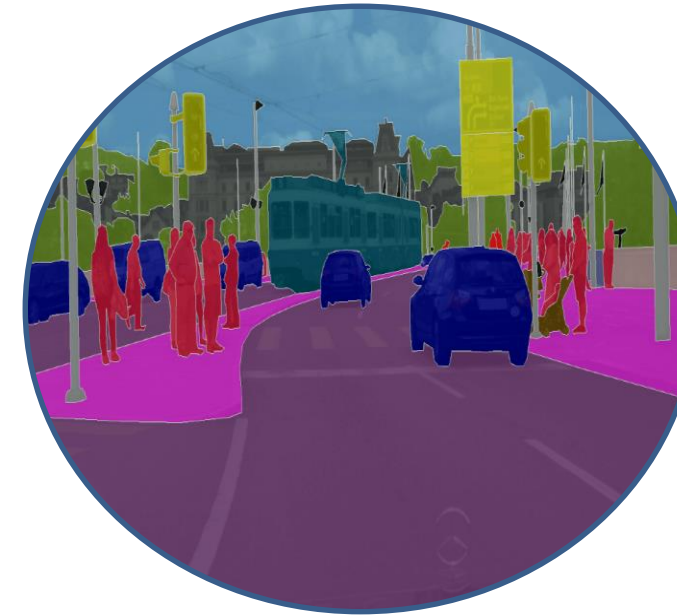

Our Offered Services

CAD Services

PV Design provider in India our highly - skilled Designers work across all types of Solar PV installation Design requirements to streamline businesses.

We bring out superior grade PV Design Services by working around the clock to satisfy the requirements of clients worldwide.

Annotation Services

We have the expertise, processes and a human-in-the-loop platform to meet the challenging AI projects and we do it all within your timeframe and budget.

Maintenance, Repair & Operations

Data Engineer can obtain, scrub, explore, model, and interpret data, blending hacking, statistics, and machine learning.

Data Scientists not only are adept at working with data, but appreciate data itself as a first-class product. The goal is to turn data into information and information into insight.

PV Design Services: Experience, Scale, Efficiency, and Success

Experience

- ▶ 1.6+ years of PV Design Experience
- ▶ 10+ years of collective experience in the Solar Industry
- ▶ Engaging with various country clients and covering their regulations and standards

Scale

- ▶ Capacity – PV Design Ranges from small kW systems to MW Scale Projects and includes
- ▶ Residential, Commercial, and Utility Scale
- ▶ Roof Top and Ground Mount Projects
- ▶ Designing according to regulatory compliance

Proven Success

- ▶ Accuracy of 99.0%
- ▶ 100% delivery of the Projects on time
- ▶ Successful adaption to the
 - ▶ Client Template
 - ▶ Regulation standards
 - ▶ Client Working hours

Efficiency

- ▶ On Time Delivery of the project
- ▶ Good Accuracy
- ▶ Quick revision work and updates

PV Design
Services

Data Annotation Services: Experience, Scale, Efficiency, and Success

Experience

- ▶ 1.6+ years of experience in Annotation
- ▶ 20+ years of collective experience
- ▶ Engaging with various country clients
- ▶ Working on Different types of Annotation for Machine Learning

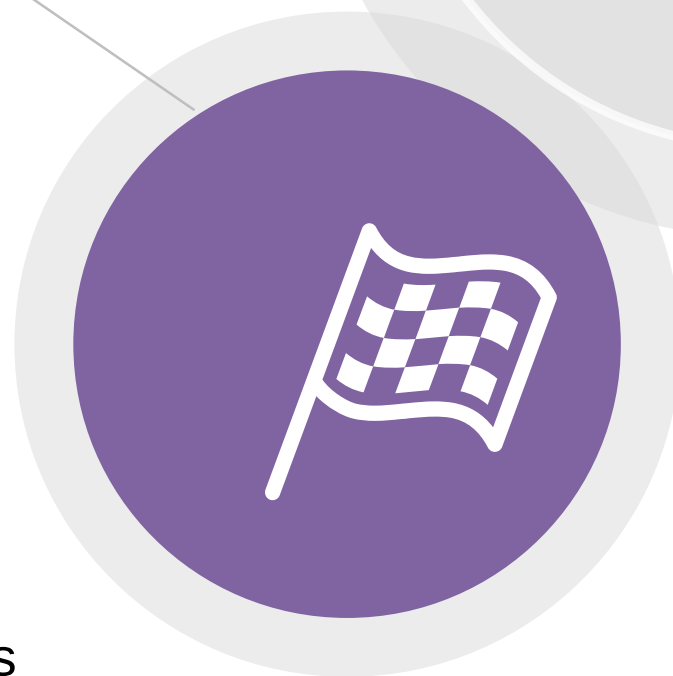

Scale

- ▶ Experienced Team
- ▶ Thousand to lakhs of raw data can be annotated
- ▶ Experience with all types of tools
- ▶ Different Types of annotation including 2D and 3D Annotation

Proven Success

- ▶ Accuracy of 100%
- ▶ 100% of the delivery of output on time
- ▶ Successful solutions for
 - ▶ Segmentation
 - ▶ Classification
 - ▶ Polyline and Key point Annotations
 - ▶ 3D Annotation

Efficiency

- ▶ On Time Delivery of the project
- ▶ Good Accuracy
- ▶ Quick revision work and updates

Data
Annotation

MRO Services: Experience, Scale, Efficiency, and Success

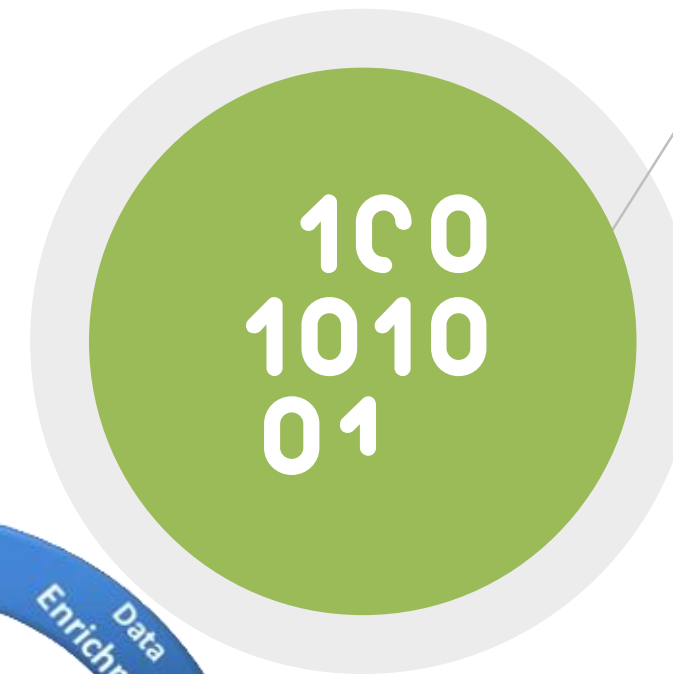

Experience

- ▶ 1.6+ years of experience in MRO
- ▶ 20+ years of Collective Experience
- ▶ Engaging with various country clients and covering their regulations and standards

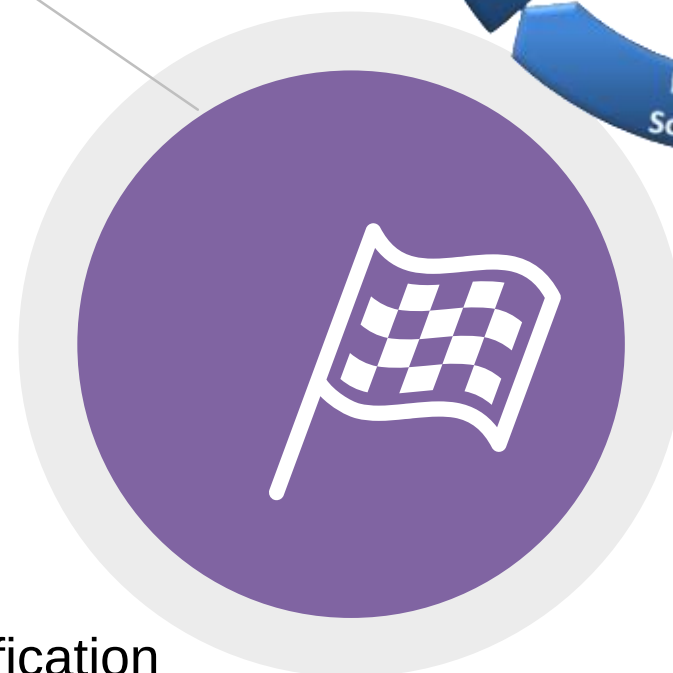

Scale

- ▶ Completed 1.2 Million data in Material Data Management
- ▶ Taxonomy for Oil & Gas, Aerospace, Automotives, Power & Utilities, Electrical & Electronics etc...
- ▶ Ability to handle 30k Data Per month with accuracy

Proven Success

- ▶ Accuracy of 100%
- ▶ 100% of the delivery of output on time
- ▶ Successful Solution for
 - ▶ Data Cleansing
 - ▶ Data Enrichment
 - ▶ Data Model, Classification & Codification
 - ▶ Data Migration – EAM | PIM | ERP | MDM | MRO

Efficiency

- ▶ On On-time delivery of the Data
- ▶ Good Accuracy
- ▶ Feedback implementation and updates
