

Website corrections points – V1

1. Digital Nest Solution logo should be Large size and should come to corner left

2. Need to get the dropdown for all types of annotation after selecting data annotation and also same for Design services

We Would Love To Hear From You!

3. We need to classify under Annotations
Find the classification below

1. Image annotation

- a. Image classification
- b. semantic segmentation
- c. instance segmentation
- d. Object detection
- e. Polyline annotation
- f. Key point annotation
- g. Landmark annotation

2. Video Annotation

3. Lidar Annotation

- a. 3D Cuboids Annotation
- b. 3D Semantic Annotation

4. Text Annotation

(Refer the attached image below)

IMAGE ANNOTATION

Image annotation can be understood as the process of labeling images to outline the target characteristics of your data on a human level. The result is then used to train a model and, depending on the quality of your data, achieve the desired level of accuracy in computer vision tasks.

- + Image Classification
- + Semantic Segmentation
- + Instance Segmentation
- + Object Detection

VIDEO ANNOTATION

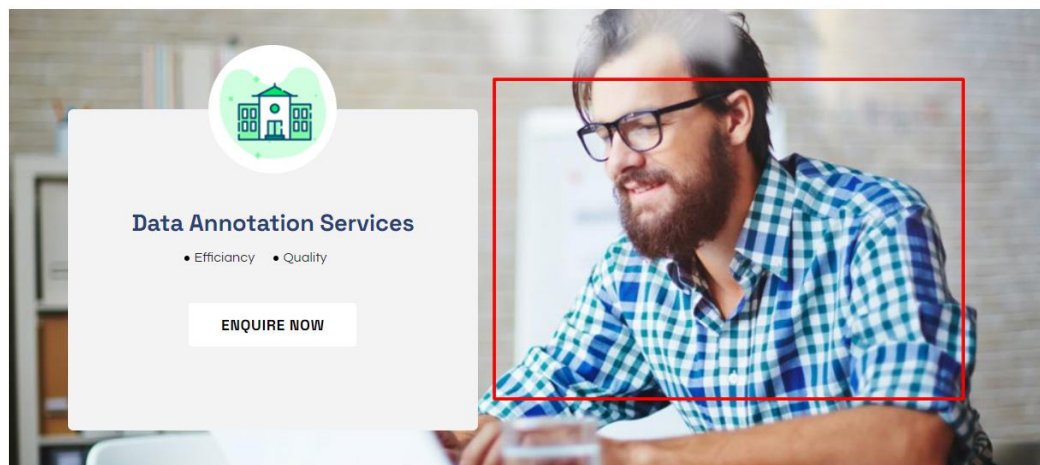

- + Polyline annotation
- + Keypoint annotation
- + Landmark annotation

Responsibility for adding labels and tags to video footage. Unlike image annotation, video annotation involves annotating objects on a frame-by-frame basis to make them recognizable for machine learning models.

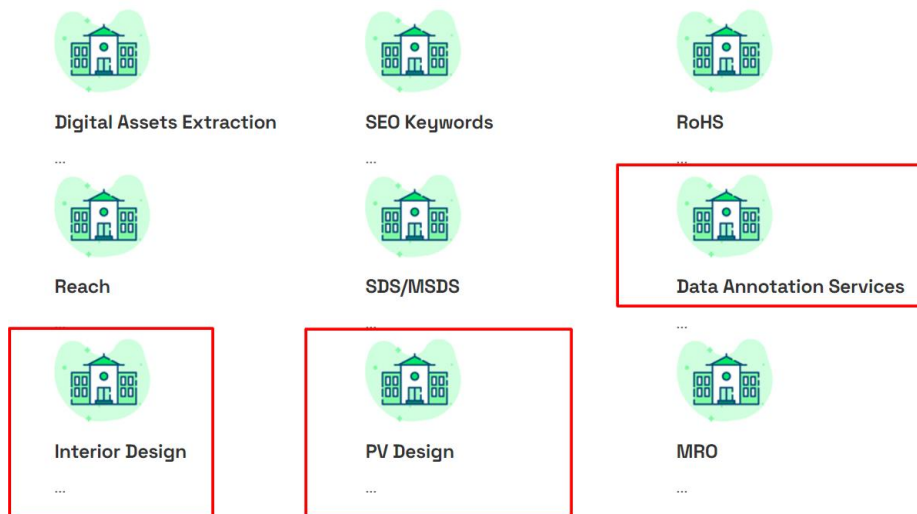

4. Related Theme should come to the interface after selecting the topic

(Below image is coming for every topic we select)

Introduction

5. Data annotation, PV design, Interior design are showing under MRO
They should not come under MRO

6. We need to add a G- Meet Link in schedule an appointment
That should be remain as Schedule an appointment
under that we need to add a G - meet link

Desire to work...

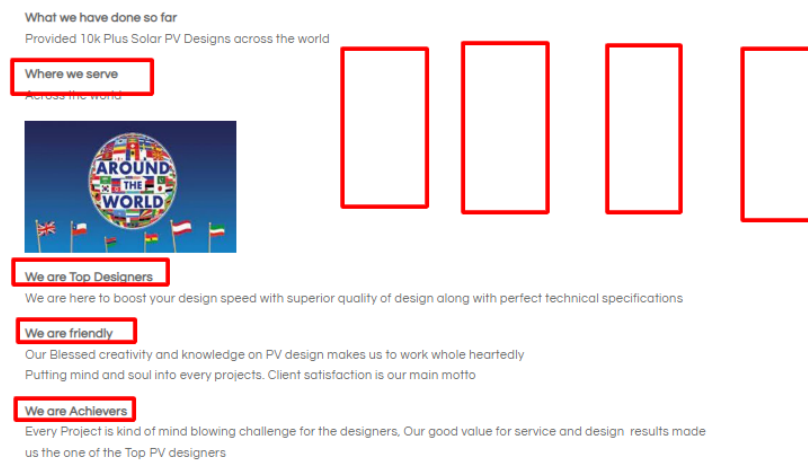

Digital Nest Solutions

Data Services, we have a stellar track record of providing eCommerce product data management services to our customers in an inclusive variety of business verticals.
